Detailed product information

☆Food filling machine,foob lab equipment Introduction:

APEX-LJ425 Food filling machine can fill most types of liquid filling, including high viscosity fluid. Such as: all kinds of pharmacy, chemical, oil, cosmetics, food and other no granular liquid. Filling, it is high precision in the laboratory.

☆Food filling machine,foob lab equipment Features:

- 1.APEX-LJ425 Food filling machine uses the world brand frequency converter, equipped with imported high-precision multi-turn potentiometer and lockable dial, so that stable and accurate flow regulation, the error is negative small at 0.5%, is small at 1.5%.
- 2.Imported 316 stainless steel magnetic gear pump, reliable quality and long life;
3. stainless steel chassis, durable;
4. small, easy to operate;
5. the the cleaning Qingdu convenient;
6. full-featured, automatic and manual can be. With work on the assembly line;
7. can be equipped with multiple filling heads, commonly used models have a single head machine, double and four machine;
8. Have filling capacity from 1ml to 10000ml adjustable, easy to adjust.

☆Food filling machine,foob lab equipment Main specification

Machine type	APEX-LJ425
Rated voltage	AC 220V / $\pm 5\%$
Maximum power	40W
Host weight	14kg
Error	$\pm 1.5\%$
Maximum flow / single pump	> 1.44 l / min
Host size	410 × 330 × 270 (mm)
Package Size	600 × 470 × 365 (mm)
